The conditions and circumstances requiring this emergency expenditure are:

Emergency repairs to S.N. 046-0108, located 0.2 mile west of Buckingham, Illinois on Illinois Route 115, which consist of bridge rail replacement and the outside fascia precast prestressed box beam that was compromised in the hit by an unknown motorist. These repairs need to be done quickly so the shoulder of the bridge can be opened up before winter as well as the bridge railing replaced for the safety of the motoring public and to prevent any possible further damage to adjacent beams of the structure. Tobey's Construction and Cartage Incorporated was chosen as the contractor to do the repairs because of their knowledge and expertise in highway and bridge construction. They are a certified contractor for doing road and bridge work with the Department and have the capabilities of expediting this work and getting it done to the Department's expectations.
