This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

Emergency repairs to S.N. 046-0065, carrying IL Route 102 over Rock Creek, located 6.5 miles northwest of Bourbonnais, in Kankakee County Illinois. The bridge rail was impacted on the south side of the bridge in the center span of the three span bridge by an unknown motorist. Repairs need to be expedited as winter is approaching and the bridge rail will be unable to withstand another impact without failure. The roadway at center span is approximately 50' above the Rock Creek. Repairs consist of removal and replacement of damaged bridge rail and associated concrete curb to which the rail is attached. Work will be performed under traffic control consisting of temporary traffic signals and concrete barrier wall.

Kankakee Valley Construction Company was selected to perform this work as a pre-qualified contractor in District 3. They are knowledgeable, have experience in this type of work, and are able to expedite the repairs.
