

## EMERGENCY PURCHASES

Emergency Purchase Number **AFF09-09**

Office/Division: IDOT Division of Highways, Region 4/District 7  
Address: 400 West Wabash Ave.  
Effingham, IL 62401

Responsible Chief Procurement Officer: Milton R. Sees P.E.

Vendor: To Be Determined (TBD)  
Address:  
, IL

Estimated Cost: \$3,500,000.00

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

As a result of the magnitude of the June 2008 flood, seventeen structures in District 7 were damaged due to scour. The protective defenses on these structures were eroded leaving them extremely vulnerable to future flooding. Several of the structures experienced exposure of their foundations. Others have experienced a lowering of the streambed to below footing elevations.

The proposed work will include placing encasements around exposed pilings and placing riprap around exposed substructure foundation units as well as those areas created by abutment, pier and contraction scour. Riprap will also be placed to re-establish eroded channel banks and streambeds.

The demands for manpower and equipment to complete the proposed work exceed what would be capable using IDOT's forces. For this reason, the District will solicit quotations from three vendors to complete the work. The vendors selected will be pre-qualified, experienced, and have the manpower, staffing, and equipment to mobilize immediately and complete the project within the required timeframe.
