The conditions and circumstances requiring this emergency expenditure are:

At approximately 2:38 AM on Saturday, June 25, a semi-trailer hit a sign truss on Southbound I-94 (Dan Ryan Expressway) at 26th Street, and lost his trailer in lane 4. The impact of the trailer caused damage to the sign truss, and ETP personnel responded. Meade Electric and the sign shop were contacted. Meade shut off power. At approximately 6:16 AM another truck hit the sign truss, and all the lanes of the southbound Dan Ryan were closed down. It was necessary to close down all lanes of the southbound expressway. Our contractor could not supply traffic control. Roadsafe was contacted and they supplied the necessary traffic lane control for this emergency. Since the truss had to be removed by crane, the cranes had to be located in both the northbound and southbound lanes. Traffic control was needed on that side of the expressway also, as well as on entrance ramps from other facilities and posting of appropriate emergency detours.
