Estimated Cost: \$35,000.00

**Final Cost:** \$59,718.41

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

Failure of the main underground 3 phase electrical feed for the Eastbound Interstate National Trail Rest Area located in Effingham County along FAI 70, near Effingham, Illinois. Due to the type of high voltage buried underground electrical line, the failure location cannot be located resulting in the need for replacement of the electrical feeder line for this location.

Quotations were solicited from Sandschafer Electric, Effingham, Illinois and from Electron Electric, Olney, Illinois. Both vendors declined to bid and indicated that this type work was beyond their equipment and expertise levels.
