

The procurement will be funded through the existing IDOT construction contract **76561**.

Office/Division: Transportation - Division of Highways  
Address: Bureau of Design and Environment  
2300 South Dirksen Parkway  
Springfield, IL 62764

Responsible Chief Procurement Officer: Milton R. Sees

Vendor: Halverson Construction Co. Inc.  
Address: 620 N. 19th  
Springfield, Illinois 62702

Estimated Cost: \$820,000.00

This expenditure is justified as:

To preserve the structure integrity of the McKinley Bridge

The conditions and circumstances requiring this expenditure are:

The original McKinley Bridge contract did not include cleaning & painting the entire structure. Work was added to clean & paint from the splash zone down, which included the structural steel below the deck. The splash zone is defined as a height from the surface of the bridge deck to 15 feet above the bridge deck. The Department has determined painting the remainder of the structure at this time will prolong the structure life while having no impact to traffic since the bridge is currently closed.

In accordance with state procurement laws, this work was advertised for letting in the April 27, 2007 issue of Construction Contractors Bulletin - Notice for Letting. The only bid received was well above the Engineer's Estimate. In the best interest of the state, the work will be added to this contract.
